LED FLAT PANEL CUSTOMER SPOTLIGHT

Mike W - Fresno CA

★★★★★

We replaced 56 fluorescent fixtures in our showroom and offices with these LED flat panels. They provide a very crisp, bright light without the annoying flickering of our old lights. Everyone is very pleased with the additional brightness, and instant on effect of the new lights. Many of our customers have commented on the new look of our showroom and how everything looks updated now. The energy savings is a huge plus as well and no bulbs to change anymore! Highly recommend these fixtures.
