

LED SOLAR ROUND HEAD POST TOP

SEARCH CODE: SC11319

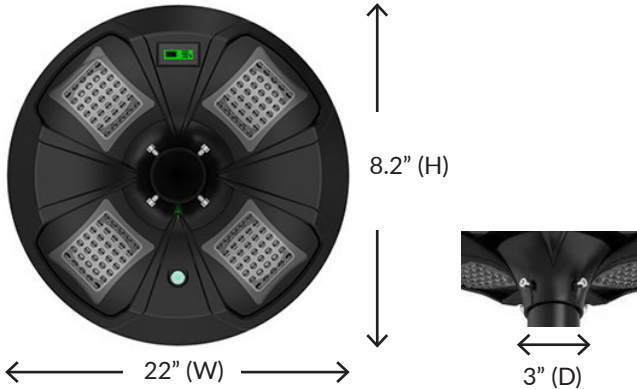

FEATURES:

- **Dual Color Options:** Easily switch between warm white and daylight with a simple toggle.
- **Enhanced Heat Dissipation:** Built for durability and performance.
- **Optimized Mounting Height:** Designed for installation at 11 to 16 feet in direct sunlight for efficient charging.
- **Premium Solar Panel:** Equipped with a high-quality, long-lasting solar panel.
- **Durable Construction:** Aluminum housing paired with polycarbonate diffusers ensures long-term reliability.

DIMENSIONS:

22"(W) x 8.2"(H) x 3"(D)

WARRANTY & LISTINGS:

- 3-Year Warranty
- UL Listed for safety and performance
- IP65 rated for wet location use
- Solar Powered: 100% renewable energy source

ELECTRICAL:

- **Power Output:** 35W
- **Battery:** High-capacity Li-ion battery (240WH)
- **Solar Panel:** Mono-crystalline for optimal solar energy absorption.
- **Battery Display:** Intuitive indicator for monitoring battery status.
- **Adjustable Color Temperature:** full independent control of color temperature.

AUTOMATED DIMMER:

- **Extended Battery Life:** Provides 3 to 5 nights of continuous operation on a full charge.
- Pre-Installed Dimmer:** Automatically activates at dusk with full brightness and gradually dims over time to preserve energy.

OPERATION MODES:

Smart Dimming Schedule:

- **1st Hour:** 100% brightness
- **2nd Hour:** 80% brightness
- **3rd & 4th Hours:** 60% brightness
- **Dawn:** Maintains 25% brightness

SPECIFICATIONS:

Product Code	Wattage	Lumens	Color Temperature	Style
SOL-PT-40W-MCT	40W	4000 Lumens	Color Selectable: 3000K / 5000K	Round Head

LED SOLAR DUAL HEAD POST TOP

SEARCH CODE: SC11319

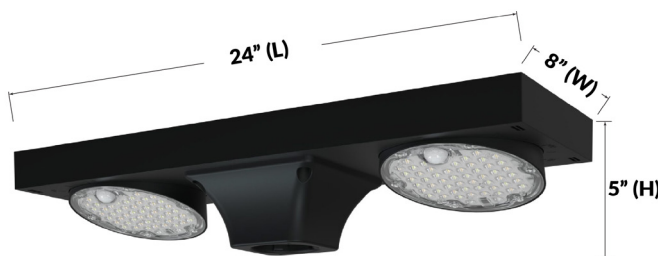

Rotatable Heads

FEATURES:

- **Dual-Head Design:** Two lamp heads provide an expansive lighting area.
- **Color Temperature Selection:** Choose between two CCT options (3000K or 6000K) within a single lamp for versatility.
- **Advanced PIR Sensors:** Dual digital PIR sensors offer a detection angle of 90°+90°, delivering wide, highly sensitive coverage.
- **Adjustable Lamp Heads:** Each head rotates 180° to achieve uniform 360° lighting.
- **Premium Solar Panel:** high-efficiency mono-crystalline solar panel and MPPT system for optimal performance.
- **Customizable Work Modes:** Adjust brightness and timing with remote control.
- **Reliable Battery Technology:** Features a brand-new grade-A LiFePO4 battery with overcharge and over-discharge protection, ensuring safety and durability.

DIMENSIONS:

24"(L) x 8"(W) x 5"(H)

WARRANTY & LISTINGS:

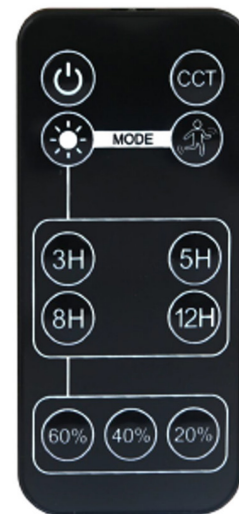

- 3-Year Warranty
- IP65 rated for wet location use
- Solar Powered: 100% renewable energy source

ELECTRICAL:

- **Wattage:** 40W
- **LED's:** SMD2835 LEDs (108 total; 54 per head)
- **Battery Pack:** LiFePO4 (32700 series), 9.6V/6000mAh, 57.6Wh
- **Color Temperature Options:** 3000K and 6000K
- **PIR Sensor:** Detection angle of 90°+90°
- **Beam Angle:** 140° x 70°

OPERATION MODES:

- **Sensor Mode:** Provides 100% brightness when motion is detected, with a dim 30% brightness when idle.
- **Keep Lighting Mode:** Maintains 60% brightness for 3 hours, followed by Sensor Mode.
- **Customizable Modes:** Use the remote control to configure DIY work modes and select CCT options.

SPECIFICATIONS:

Product Code	Wattage	Lumens	Color Temperature	Style
SOL-PT-40W-DUAL	40W	4800 Lumens	Color Selectable: 3000K / 6000K	Dual Head
